Tax deductible

Tickets sold by Las Lomas students earn  
a portion of the profits for their team

## **About Las Lomas Athletic Boosters**

The Boosters support ALL the different sports teams at Las Lomas in a variety of ways. In fact, Boosters fund many projects that the district and/or the teams can't afford to fund. Many school districts are cutting funding or even eliminating sports all together. The Acalanes School District is no different. The Boosters have and will continue to be asked to do more for the athletic programs. To answer these challenges, we need your help!

### **In the past year alone we have funded:**

New softball scoreboard	\$20,000
Volleyball poles	\$2,000
Game-ready injury treatment system	\$2,000
Waterpolo clock	\$2,000
Team balls	\$5,000
Trainer	\$15,000
Sports scholarship	\$1,300
Swim lane ropes	\$3,000

We just funded a new sound system for the gymnasium that will benefit basketball, volleyball, student assemblies and group events. This system will exceed \$16,000. The system should be operable prior to Tri-8 in August.
